RE: HR 6089 Healthy Forest Management Act of 2012

Dear Chairman Bishop and Ranking Member Grijalva,

Thank you for your consideration of the Healthy Forest Management Act of 2012, HR 6089 as introduced by The Honorable Scott Tipton. The Colorado Association of Conservation Districts finds this proposed legislation very reflective of the policies established by the Conservation Districts of the State of Colorado.

We feel this legislation is a significant step forward in the efforts to properly manage the forests in this state. Therefore, the Colorado Association of Conservation Districts strongly supports this legislation in discussions before the House Committee on Natural Resources.

Thank you for your continued efforts on behalf of this legislation and the Conservation Districts of the State of Colorado.

Sincerely,

Gary Moyer  
President  
Colorado Association of Conservation Districts
